Section 1 – Introduction

This directory provides a list of MCS Classicare's network providers.

Depending on your coverage, you will have to choose one of our network providers listed in this directory to be your Primary Care Provider (PCP). Generally, you must get your health care services from your PCP. The term "PCP" will be used throughout this directory. You may choose a general practitioner, family medicine practitioner, internist or geriatrician (if you are 60 years or older) to be your PCP. This physician will oversee your medical care, and request preauthorizations when needed and, if applicable to your plan, refer you to specialized care. Specialists, hospitals, skilled nursing facilities, and home health care agencies may require referral, but there are exceptions. See Chapter 3, Sections 2.2 and 2.3 of your Evidence of Coverage. The providers in this directory are credentialed by MCS Classicare or an authorized delegated entity to comply with federal and state regulations.

Appointment Wait Time Standards

MCS Advantage is required by to maintain written standards for timeliness of access to care (i.e., appointment wait times) that meet or exceed CMS's standards (§ 422.112(a)(6)). Appointment wait times for primary care and behavioral health services must consider to meet or exceed the minimum standards as follows:

- Urgently needed services or emergency - immediately.
- Services that are not emergency or urgently needed, but the enrollee requires medical attention - within 7 business days; and
- Routine and preventive care - within 30 business days.

When enrolling in our plan, and depending on your coverage, our MCS Classicare representative will assist you in choosing a PCP from the **Primary Care Physicians** section of the Providers Directory. Once you select a PCP, the member identification card you will receive will show his or her name. For additional information, please see Chapter 3, Section 2.1 of your Evidence of Coverage.

The network providers listed in this directory have agreed to provide you with your health care, vision, and dental services. You may visit any of our network providers listed in this directory. However, for coordinated care plans, some services may require a referral. Refer to the Evidence of Coverage for details. If you have been going to one network provider, you are not required to continue to go to that same provider. **Also, depending on your coverage, you may use the provider's Special Networks (SN), which offer services at a lower cost-share or at no cost-share. To know if your coverage has the providers Special Networks and if your coverage requires or not a referral, please see the Medical Benefits Chart, Chapter 4 of your Evidence of Coverage. See also section titled "How do you find MCS Classicare providers that serve in your area?" in this Providers Directory.**

You must use in-network providers. In some cases, you may receive covered services from providers outside of the network. For example, in emergency situations, urgent care situations, or for out- of-service area renal dialysis. Out-of-network providers are under no obligation to treat MCS Classicare enrollees, except in emergencies. For a decision about whether we will cover an out-of- network service, we encourage you or your

provider to ask us for a pre-service organization determination before you receive the service. Please call our Customer Service Call Center at 787-620-2530 (Metro Area) or 1-866-627-8183 (toll free):

- From October 1st through March 31st: Monday through Sunday from 8:00 a.m. to 8:00 p.m.
- From April 1st through September 30th: Monday through Friday from 8:00 a.m. to 8:00 p.m.; Saturday from 8:00 a.m. to 4:30 p.m.

TTY users should call 1-866-627-8182. You may also refer to your Evidence of Coverage (EOC) for more information, including the cost sharing that applies to out-of-network services.

For plans without Point-of-Service (POS) option: You must receive all your care services through the providers in the network. There are special circumstances where you may obtain emergency services from the closest available provider or get services from out-of-network providers:

- When you get emergency care or Urgently Needed Services from any qualified provider when you are out of the service area or when the network providers are unavailable (see Chapter 3, Section 3 of your Evidence of Coverage)
- When you are temporarily outside the plan's service area and have to receive kidney dialysis services (you must receive the service in a Medicare-certified dialysis facility)
- If you need medical care that Medicare requires our plan to cover and there are no providers in our network that provide this service, you can get this care from an out-of-network provider. In this situation, you will pay the same as you would pay if you got the care from a network provider. Before seeking out-of-network care, you must:
 - o Make sure the provider is eligible to participate in Medicare. If you choose a provider that is not eligible, you will be responsible for the full cost of the service;
 - o Obtain authorization from the plan prior to receiving care from the out-of-network provider;
 - o Make sure your Primary Care Provider coordinates services with MCS Classicare and the out-of-network provider to obtain authorization for services has been obtained.

If you obtain routine care from out-of-network providers, neither Medicare nor MCS Classicare will be responsible for the costs.

If your plan has Point-of-Service (POS) option: You may receive services outside the network but, with the exception of emergency care and urgent care, you may have to pay a higher cost share. For MCS Classicare Essential (HMO-POS) and Group Health Plans, this means you may receive certain services from providers in Puerto Rico that do not accept our plan. In both cases, the provider must be eligible to participate in Medicare. If you choose one that is not eligible, you will be responsible for the full cost of service. See your Evidence of Coverage for more information.

If you have a medical emergency, call 911 or go to the nearest emergency room. We will contact your emergency care providers to help manage and follow up on your care. If your emergency care is provided out-of-network, we will try to arrange for network providers to take over your care as soon as the circumstances allow. However, in most cases, your follow-up care will not be covered by our plan if it is acquired from out-of-network providers or out of the plan's service area. With the exception of emergencies, it

may cost more to get care from out-of-network providers. Certain exceptions may apply. See also Chapter 3, Section 3 of your Evidence of Coverage. Please contact the plan for details.

In addition, your emergency or urgently-needed care may be covered outside the United States and its territories if your plan has a worldwide coverage benefit. To know if you have this benefit, see Emergency Care and Urgently Needed Services in Chapter 4 of your Evidence of Coverage.

If you have paid more than your share for covered services, if you receive a bill for the full cost of covered medical services, or if an out-of-network provider submit a bill directly to you, you should not pay the bill. Instead, please contact us so that we may determine if you are responsible for the payment or not. You must submit your claim within 365 days for Part C (medical) benefits, and within 180 days for Part D (prescription drugs) benefits. For more information, please see Chapter 7, *Asking us to pay our share of a bill you have received for covered medical services or drugs*, of your Evidence of Coverage.

MCS Classicare (HMO)**2026 Pharmacy Directory**

This pharmacy directory was updated on 10/2025. For more recent information or other questions, please contact MCS Classicare at 1-866-627-8183 or, for TTY users, 1-866-627-8182, Monday through Sunday from 8:00 a.m. to 8:00 p.m., October 1st through March 31st. From April 1st through September 30th from Monday through Friday from 8:00 a.m. to 8:00 p.m. and Saturdays from 8:00 a.m. to 4:30 p.m., or visit www.mcsclassicare.com.

Changes to our pharmacy network may occur during the benefit year. An updated Pharmacy Directory is located on our website at www.mcsclassicare.com. You may also call our Customer Service Call Center at 1-866-627-8183, TTY user should call 1-866-627-8182 for updated information.

Introduction

This booklet provides a list of MCS Classicare (HMO) network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and MCS Classicare (HMO) formulary.

When this pharmacy directory refers to "we", "us", or "our", it means MCS Advantage, Inc. When it refers to "plan" or "our plan", it means MCS Classicare (HMO).

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under our plan only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of October 6, 2025. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

How do you find your pharmacy?

To find a pharmacy within the directory, find the index after this introduction and look for the type of pharmacy that you need, whether it be Retail Pharmacy, including Chain Pharmacies and Mail Order Pharmacy. Follow the page number next to the pharmacy type, and find your municipality. Under your municipality, you will find a list of available pharmacies from which you can choose. For Home Infusion Pharmacies; Specialty Pharmacies; and Part B Pharmacies please refer to the section Island Wide Services.

Symbols used in this directory

Pharmacies identified with an asterisk (*) may provide extended day supplies (up to 90 days) of medications and pharmacies with a plus sign (+) may offer 24-hour services.
